## The Age Vampire (Male AR / Female AP Bojay comic)

A great Male Age Regression / Female Age Progression comic by Bojay! The story is based on an original concept by Bojay, and his pencils have been inked and colored beautifully by Sedna Studio.

Story Summary: Mike, the biggest hunk on the beach, is amused as little Tina tries to tag along with him. But the more he sees of her, the bigger she gets. Meanwhile he's starting to look a little short and skinny himself. Imagine a vampire that takes away your age instead of your blood!

"The Age Vampire" has 26 multi-panel color pages, plus another 5 pages of black and white drawings and concept pieces.

You can get more info and buy the comic here:

PS: I've had a lot of requests for Male Age Regression comics, so I hope you'll enjoy this one!

Err, I wouldn't have said that. Colour for colour over elaborately drawn black and white seem like a downgrade, imo.

Otherwise it was good to see some male AR, and a break from the perennial "grown girl AR, little girl AP, boyfriend stolen" script.

Thanks, Dreamtales! The preview looks great. Nice to see a classic male AR plot getting the Bojay treatment.

If you enjoy Male AR then you will enjoy this. There are many themes and scenes explored throughout this comic. The artwork is great. Check it out.

I guess it's straight AR. Not sure what the DL part of ABDL is, but there's no adult baby theme.

I just got a copy myself.

Pros: A interesting story line with a great background idea and great male Ar.

Cons: Tina's head proportions seemed a little off.

Loved it, I'm not into MOST male AR, but this was still really fun :-). Also, goes without saying, for the price you can't go wrong! Was also nice of you to add something for the Male AR fans, I remember they were asking for something. I hope they like it!

As a small critique, I thoroughly enjoy all of your comics, but I'm almost always craving a bit more post-AR stuff, and I think this one could have used it especially. Consider that the smallest nitpick possible, your comics always brighten my entire week, and again the prices are always totally reasonable. Just felt like saying because I'm an ass.

Love it!

How young does he get regressed to? Is it just to childhood, or to infancy? Diapers?

Adult to infant. Diapers come in play toward the end.
